

No AR? Now What?

Several districts have opted not to renew their subscriptions to AR. If you belong to one of those districts, or potentially approaching this situation, we would like to hear from you. We are looking for other ways to inspire students to continue reading even though they don't have AR goals to meet. Like many other schools, having this service for several years, we began to rely on it as if this was the only way to require reading and/or hold them accountable. ***We know teachers and librarians succeeded at inspiring students to read for pleasure and information long before we had Accelerated Reader, so we just need to relearn that.*** Please share your ideas below.

Email (optional) Grade level	Alternative Reading Program or Ways to inspire/develop desire to read	Who grades it or holds accountable	Cost
2-6?	https://www.bookopolis.com/#/ Students recommend books, write reviews and earn points. Classes could be set up through Google Classroom or individually. Could be intrinsic or extrinsic rewards	Classroom teacher or LMS	free
	www.biblionasium.com The Safe Alternative "GoodReads" for Kids Stand alone as well as integrated with Destiny-managed school libraries		
2-9?	Tournament of Titles / Book Battle / Battle of the Books Could use CMS books or ATBA or another list Each homeroom chooses 4-5 team members for Quiz Bowl type tournament to be held near the end of school. If others schools in area participated, you could even have county run off.		
k-12	MyOn Reader https://about.myon.com/		cost
k-12	IXL https://www.ixl.com/		cost
